# THREE ROUTES FROM THE CAPITAL DISTRICT (Albany, NY)

For all routes take rte 7 or rte 20 to Duaneburg

## The fastest route and still pretty neat is:

follow state rte. 20 to richfield springs , in richfield springs turn south on state rte 28, then turn west on state rte 80 between schyler lake and fly creek, continue on to edmeston and go straight through the 4 corners which will put you on county rte. 20, in about 4 miles turn left on county 18 south in south edmeston, track (Thunder Ridge) and Michael Lane will be on the left just past cemetery.....follow michael lane 1/2 mile to club house and parking

## Alternative # 2:

follow state rte 20 to state rte 166 (there is one of the most if not the most breathtaking old rest area on rte 20 just before rte 166) and turn south through Cherry valley and to milford, in milford ( Ommegang brewery) turn north on state rte 28 to cooperstown (baseball hall of fame, farmers museum, fenimore house and otesaga inn and golf course) and then on to fly creek (flycreek cider mill), after fly creek turn west (left up the hill) on state rte 80 towards edmeston and then straight through edmeston and on county rte 20 to south edmeston and turn south on county rte 18 and find michael lane and the track (Thunder Ridge) on the left just past the cemetery

if you don't want to go all the way to milford, a little further west on state rte. 20, between springfield and richfield springs, state rte 80 turns left and runs south along the lake past the glimmerglass opera and the farmers museum and into Cooperstown by the otesaga. then just follow 80 and 28 out of town west through flycreek etc.

## Alternative # 3:

take state rte 7 west out of duaneburg, turn south on state rte 145 (near Cobleskill) after you have gone Howe Caverns, turn south on rte 30 in schoharie towards Grand Gorge and Downsville, turn north on state rte 206 to walton and masonville, turn north in masonville on state rte 8. follow state rte 8 north through sidney and south new berlin to new berlin, turn right and east on state rte 80 in the center of new berlin and then just outside town turn north and left on county rte 18, in 4 miles (before cemetery and south edmeston) michael lane and the track (Thunder Ridge) will be on the right. This rte runs along the edge of the catskill mtns, the downsville dam and the pepacton res. it is the longest route...
